ASSISTANCE INDEX—FLOODPLAIN MANAGERS BY AREA OF EXPERTISE ..... 23

## INTRODUCTION

This directory provides the names of professionals involved in floodplain management throughout Montana. If you are looking for floodplain management information in a specific county or municipality in Montana, refer to the section on local government floodplain managers. State and federal floodplain managers are listed, as well as some private floodplain mapping and engineering consultants. Floodplain management associations and flood insurance information sources are also included. If you have a question or need assistance concerning a certain aspect of floodplain management or flooding, please refer to the assistance index at the end of the directory.

## LOCAL GOVERNMENT FLOODPLAIN MANAGERS

Local officials have floodplain management responsibilities in addition to their other duties. Local floodplain managers' titles are listed to show their areas of responsibility. These managers can provide you with information on local floodplain management regulations and floodplain development permit applications.

Not all incorporated cities and towns are shown under the listing of municipalities. If a municipality is not listed, it does not have a floodplain management program or floodplain maps.

Communities listed with an asterisk do not have floodplain management programs or regulations and do not participate in the National Flood Insurance Program. However, they do have floodplain maps that can be ordered from the Federal Emergency Management Agency. Sanctions of the National Flood Insurance Program and State of Montana apply to these communities because they were identified as flood-prone, but the communities do not enforce floodplain management regulations.

## LOCAL GOVERNMENT FLOODPLAIN MANAGERS
## COUNTY LISTING

**Beaverhead County**

Dave Moss
Courthouse
P.O. Box 1166
Dillon, MT 59725

Phone: 683-5245
